(Start Belt #3)

CLERK: Reading. Mr. President I ask unanimous consent to be excused Thursday and Friday, March 29th and 30th, signed Senator Barnett.

PRESIDENT: Are there objections? Hearing none, so ordered. Alright, do we have any other motions on the desk? Any other business on the desk?

CLERK: None, Mr. President.

PRESIDENT: Very good, we'll move to consideration of bills on select file. Senator Keyes your light is still on, do, never mind. General file consideration here, we'll start with LB 5 then. Stand by.

CLERK: Legislative Bill 5 introduced by Senator Luedtke, he's not here.

PRESIDENT: Senator Proud for what purpose do you rise?

SENATOR PROUD: Mr. President, LB 5 I think is from the Judiciary Committee, is Senator Luedtke gone?

CLERK: Yes.

SENATOR PROUD: Well now, who is the Vice-Chairman of the Judiciary Committee?

CLERK: Stull, and he is also gone.

SENATOR PROUD: Who else is here on the Judiciary Committee? Senator Carpenter is here, I think he will take care of it, I think it is non controversial.

CLERK: Okay, Mr. President the bill was originally considered on January 9th, it was laid over and was considered again on January 10th and laid over, (read). There was a motion to amend, on January 10th, to amend section 1, page 2, line 6, by striking the word grooming and adding cosmetic or grooming. This motion was pending it was laid over and the bill on January 16th was returned to committee. Out of committee come amendments offered by Senator Kennedy, who isn't here.

PRESIDENT: Senator Kennedy is excused. Senator Richard Lewis, we have an amendment from Senator Kennedy's committee there that we are looking at here, LB 5.

CLERK: In addition to that Mr. President there is an amendment by Senator Skarda to the standing committee amendment (read).

PRESIDENT: The Chair recognizes Senator Skarda.

SENATOR SKARDA: Mr. President and members of the body, I move the amendment be adopted, it's a corrective measure, it was given to the committee evidently, forgot to include it, all it does is strike industry and put chemical products which would be more satisfactory and explanatory, I mean make the bill read right and that is all the intent my amendment does, I think this is originally proposed to Senator Kennedy at the time of the hearing and it was omitted or forgot, and called to my attention by Mr. Hickley, who is in charge of the department.

PRESIDENT: Is there any further discussion of the Skarda amendment, all those in favor of the amendment please say aye, those opposed say no. The amendment is adopted then. We adopted the Skarda amendment, we are now back to Senator Lewis, and the committee amendment then.
